

## **LETTER OF INTENT (LOI)**

Facilitated via VibeJam Marketplace

Date: [DATE]

Buyer Name / Entity: [BUYER NAME]

Seller Name / Entity: [SELLER NAME]

Asset / Project Name: [PROJECT NAME] (the "Asset")

### **1. The Objective**

This Letter of Intent (LOI) outlines the proposed terms for the Buyer to acquire 100% of the assets, intellectual property, and associated revenue of the Asset from the Seller.

While the purchase terms in this document are non-binding, the sections regarding Exclusivity and Confidentiality are legally binding upon signature.

### **2. The Target Asset**

The acquisition includes all properties required to operate the Asset, specifically including but not limited to:

Domains: [e.g., myapp.com]

Codebase: All source code, Git repositories (e.g., GitHub/GitLab), and technical documentation.

Customer & Financial Data: Transfer of the active Stripe / LemonSqueezy / Merchant of Record account, including all active subscriptions and customer lists.

Brand & Intellectual Property: Logos, trademarks, UI/UX designs, and marketing assets.

Accounts & Hosting: Social media accounts (X/Twitter, LinkedIn), email lists, and server hosting accounts (AWS, Vercel, Heroku, etc.).

### **3. Purchase Price & Payment Terms**

The Buyer agrees to acquire the Asset for a total purchase price of \$[TOTAL PURCHASE PRICE] USD.

Payment Schedule: 100% of the purchase price will be paid in cash at Closing.

All funds will be routed securely through Escrow.com (or an agreed-upon third-party escrow service).

The funds will only be released to the Seller once the Buyer confirms full receipt and control of the Target Assets.

Escrow fees will be split 50/50 between the Buyer and Seller.

### **4. Due Diligence Period**

Following the signing of this LOI, the Seller agrees to grant the Buyer read-only access to verify the financial, technical, and operational health of the Asset.

Timeframe: The Buyer has [e.g., 7 or 14] days from the date of signing to complete Due Diligence.

Access: The Seller will provide read-only access to analytics (e.g., Google Analytics/Plausible), financial dashboards, and the codebase.

### **5. Exclusivity ("No-Shop" Clause) — [Binding]**

In consideration of the time and expense the Buyer will incur during Due Diligence, the Seller agrees to a strict period of exclusivity for [e.g., 14] days following the signing of this LOI.

During this period, the Seller will not solicit, negotiate, or accept any other offers to sell the Asset.

The Seller will pause their listing on VibeJam and any other marketplaces.

### **6. Confidentiality — [Binding]**

Both parties agree to keep all shared financial data, source code, and the terms of this LOI strictly confidential. Neither party will publicly announce the acquisition until the deal is successfully closed and funds are released.

### **7. Transition & Non-Compete (To be detailed in the APA)**

Upon closing, the Seller agrees to provide [e.g., 30] days of reasonable email support to help the Buyer transition the codebase and servers. Furthermore, the Seller agrees not to build or launch a direct competitor to the Asset for a period of [e.g., 2] years.

#### **8. Closing & The APA**

If Due Diligence is satisfactory, both parties will proceed to draft and sign a definitive legally binding Asset Purchase Agreement (APA), which will supersede this LOI and initiate the Escrow process.

#### **Signatures**
